**The workshop guide contains helpful information and all links you need:** <https://t1p.de/cpa21-guide>

# Things to consider

1. Socializing
2. Plenary Discussion
3. Video Recordings

# 1. Socializing

We will use gather.town in coffee breaks and get-togethers

<https://t1p.de/cpa2021-social>

Password: cpa2021

**Important:** Turn off audio/video in Zoom when you join gather.town

Try it out now and create your character! (while I demo it)

## 2. Plenary Discussion

The plenary discussion is tomorrow afternoon. Add your questions to the workshop guide!

### 3. Video Recordings

We would like to record all talks and publish them on the workshop webpage. We need you to do two things:

**If you give a talk**, consent that recording and publishing the video is ok.

**If you listen to a talk**, turn off your video. Don't forget to turn your video back on for the discussion!

Dirk Beyer

## Lightning talks

- (a) introduce yourself to the community
- (b) tell us about your research
- (c) tell us what you expect from or would like to see in the workshop

(max. 5 minutes, no slides required)

We invite everyone to elaborate on a single topic or idea in more detail. This is your chance to bring any idea close to your heart out into the open! (also tomorrow)
